PREFACE

The 2nd International Conference on Environmental Sustainability in Natural Resource Management (ISCES 2022) is a peer-reviewed international conference with international participation of experts in sustainable development research, resource management, and the circular economy. ISCES 2022 conference was held on November 1, 2022 in the form of a hybrid conference combining a live in person event with a virtual component. ISCES 2022 is organized by BA School of Business and Finance (Latvia) and Riga Stradins University (Latvia) in partnership with the National University of Water and Environmental Engineering.

The aim of the ISCES 2022 conference is to explore environmental sustainability trends in natural resources management, circular management and environmental engineering. Conceptual, empirical and methodological studies as well as country case studies on various topics of sustainable development were presented at the conference. It is expected that the reports and presentations will cover both theoretical, methodological and practical aspects of sustainable development and the circular economy.

ISCES 2022 covered a wide range of scientific topics:

Green Business and Corporate Governance

Digital Sustainability and Net-Zero Economy

Circular Economy and Bioeconomy

Natural Resource Development

Potential Social Responsibility

Resources Ecologically Safe Technological Processes

Environmental Regulations and Legal Aspects of Sustainable Development

Environmentally Sustainable Infrastructure and Renewable Energy

Sustainable Water Use, Agriculture and Organic Farming

The conference model was split into two parts, including keynote presentations and online discussions of their talks using ZOOM. All papers have been thoroughly reviewed and reviewed to meet the requirements of the International Publication Standard. Papers were reviewed by qualified experts in the field selected by the conference committee.

All the participants and organizers express their gratitude to the publishing office and to the editing group of IOP Conference Series: Earth and Environmental Science for publishing the proceeding of the conference.
